

FULBRIGHT LEADERS FOR GLOBAL SCHOOLS

JANUARY 21 - FEBRUARY 1, 2024
Helsinki, Espoo, and Turku, Finland
Stockholm, Sweden

TERVETULOA!

We are so pleased to welcome you to Finland as part of the third cohort of *Fulbright Leaders for Global Schools* (FLGS) -- a program specifically designed for U.S. K-12 education administrators.

The vision of the Fulbright Finland Foundation is to empower the minds that will find global solutions to tomorrow's challenges by fostering academic and professional expertise and excellence in leadership. As you embark on your intensive 10-day program, you become part of this community of change-makers. The program facilitates the exchange of best practices among U.S. and Finnish education administrators and educators, promoting a dialogue focused on innovations in school leadership.

The FLGS program offers a transformative journey that is experiential, phenomenon-based, and cross-curricular, placing a strong focus on contemporary skills and holistic well-being of educators and students alike.

The program illuminates the cultural, societal aspects, and values that play a role in shaping our education system. Our profound connection with nature is evident through initiatives such as "nature schools," sustainability education, and rejuvenating school recesses, all aimed at bringing the natural environment closer to students and highlighting the positive impact it has on people's well-being. We invite you to experience the nature school at the Nuuksio National Park in Espoo, relax in the sauna, and dip in the lake if you dare.

You will begin your program in the capital city, Helsinki, with briefings and strategic discussions to provide the background and framework of the K-12 Finnish education system, teacher training, and school leadership. In addition to educational program and professional networking opportunities in Espoo, Turku, and Vantaa, you will see both historical sites and modern treasures of Finland, including the

Castle of Turku, and Oodi, the new Helsinki City Library, that serves as an example of the new and diverse learning environments that play a critical role in the Finnish curriculum.

During your visit, pertinent themes in education are also covered at EDUCA, Finland's leading event for the education sector. Take the opportunity to participate in sessions addressing artificial intelligence in education, students' and teachers' wellbeing, climate change education, support services for immigrant and refugee students, and other current topics in the field.

Throughout the program, you will be able to reflect upon your observations with the expert speakers and with your fellow U.S. Fulbrighters and Fulbright alumni from Finland.

You will see in practice that a key strength of the Fulbright Finland Foundation is the strategic engagement of our alumni, and we strongly encourage you to continue your Fulbright experience and connections after your program by becoming active members of the *Friends of Fulbright Finland* (FoFF)

alumni network in the United States.

True to the Foundation's brand promise, "Together Shaping the Future," the organization of this program has been a joint effort. We sincerely thank the large number of individuals and institutions whose expertise and collaboration have made this program possible. A special thank you to our partners at IREX and the Bureau of Educational and Cultural Affairs of the U.S. Department of State.

2024 marks our Foundation's 75th anniversary, and I can't think of a better way to kick off this special year than focusing on education and bringing together school leaders, educators, scholars, and partners from both sides of the Atlantic to collaborate and celebrate with us.

Tervetuloa! Welcome! I invite you to immerse yourself in the Finnish experience and wish you a fruitful, productive, and enjoyable program!

Terhi Mölsä

THREE SAUNA WORDS YOU SHOULD KNOW:

Kiuas: Sauna stove

Löyly: Steam or vapour created by throwing water on the stones of the stove or the heat, humidity and temperature in the sauna in general.

Vihta, vasta: Whisk, made of birch (or similar) twigs. Used for beating the body in the hot room to stimulate the feel of the *löyly*.

**FULBRIGHT FINLAND
FOUNDATION**

FULBRIGHT FINLAND FOUNDATION

Together Shaping the Future

THE FULBRIGHT FINLAND FOUNDATION is an independent not-for-profit based in Helsinki, Finland. With the purpose of promoting a wider exchange of knowledge and professional talents through educational contacts between Finland and the United States, the Foundation collaborates with a range of government, foundation, university and corporate partners on both sides of the Atlantic to design and manage study and research scholarships, leadership development programs and internationalization services.

IN 2022 the Fulbright Finland Foundation awarded over EUR 1,9 million as grants to 114 Finnish and American researchers, students, and professionals. Additionally, the Foundation responded to nearly 4 800 client contacts and organized or participated in over 80 training events throughout Finland and online.

THE FOUNDATION SUPPORTS the internationalization of education and research in Finland, and helps U.S. and Finnish institutions create linkages. Under its Internationalization Services the Foundation organizes themed study tours to the United States for Finnish higher education experts, runs the highly popular Fulbright Speaker Program, the Fulbright Dialogues series, and the Transatlantic Roundtables, as well as organizes several national Fulbright Seminars every year.

THE FOUNDATION IS FUNDED by the Finnish Ministry of Education and Culture, the U.S. Department of State, the Finland-America Educational Trust Fund, private foundations, Finnish and U.S. higher education institutions, alumni of the Fulbright Finland programs, and private donors. 70 % of the Foundation's core funding originates from Finland, and advancement, fundraising and sponsored grants are a central part of the operation. A key strength of the Foundation is the consistent strategic engagement of the alumni.

OVER 6 100 students, scholars, teachers, artists and professionals have received a grant from the Finnish-American program since its inception in 1949 and the Fulbright Finland Foundation runs an active and rapidly growing alumni network in both countries.

THE BOARD OF DIRECTORS of the Fulbright Finland Foundation consists of eight members appointed by the Finnish Ministry of Education and the U.S. Embassy in Finland. The U.S. Ambassador to Finland serves as the Honorary Chair of the Board. The Foundation office is located in Helsinki. The Foundation is managed by the CEO together with 10 staff members.

ESPOO

ESPOO IS THE SECOND LARGEST CITY IN FINLAND with a population of over 300 000 inhabitants. Espoo has five city centers, all of which have their own unique characteristics. In Espoo, you can enjoy Finnish nature in Nuuksio National Park and visit EMMA, the Espoo Museum of Modern Art.

Espoo is home to Aalto University, a multidisciplinary community that

teaches engineering, art, science, and business. In Espoo, learning is valued, and there are around 240 early childhood education centers, 85 comprehensive schools, 19 art schools, 11 general upper secondary schools and three higher education institutes. Espoo is one of the most international cities in Finland with over 150 different nationalities.

HELSINKI

HELSINKI, THE CAPITAL OF FINLAND, is the administrative center of the country and an important hub of business and culture. Called the “Daughter of the Baltic”, Helsinki is located in Southern Finland on the shore of the Gulf of Finland. The population of Helsinki is about 660 000.

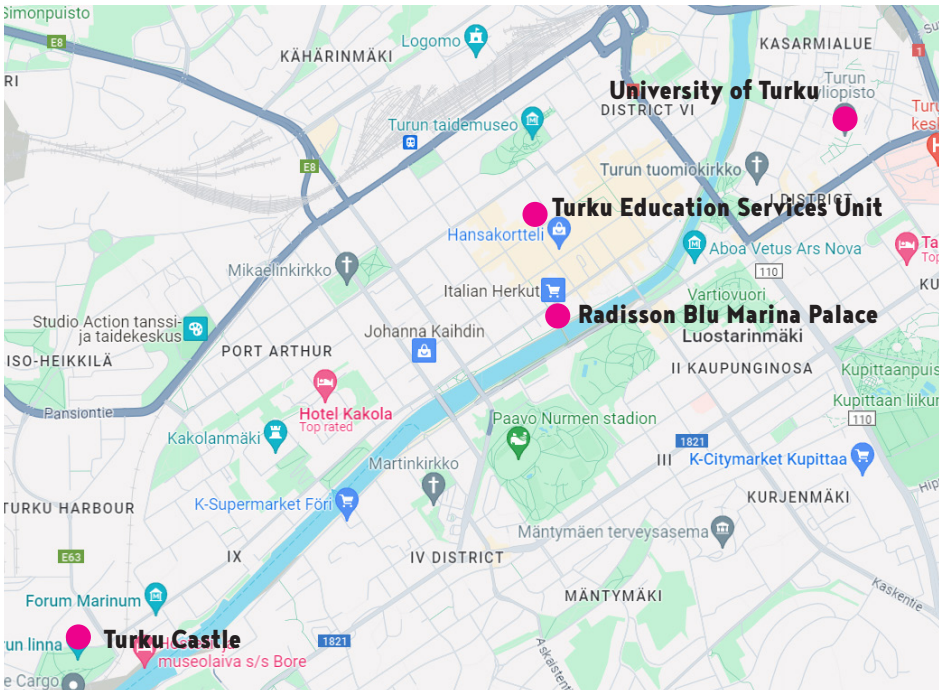

Helsinki has several public and private schools, of which nine are international schools. There are a total of nine higher education institutions; four universities and six universities of applied sciences (UAS). These include universities

such as the University of Helsinki, Hanken University, Metropolia UAS and Haaga-Helia UAS. Helsinki is also home to one of the largest music academies in Europe, the Sibelius Academy and has one vocational education center where one can study for various professions from car repair to travel services. Some of the most prestigious high schools of Finland are located in Helsinki.

MAP OF HELSINKI

MAP OF TURKU

TURKU

TURKU IS THE OLDEST CITY IN FINLAND, and it served as the capital until 1812. With a population of nearly 200 000, it's the 6th largest city in Finland. The versatile livelihood structure, top class selection of education, culture, and services, as well as the beautiful archipelago, form a magnetic combination in Turku.

Turku has nearly 100 early childhood

education centers and nearly 60 comprehensive schools. Turku is also a large university city with over 40 000 students. Turku has two universities and four universities of applied sciences.

Turku is also a very multicultural city and some 14% of its inhabitants speak something other than Finnish, Swedish or Sámi as their mother tongue.

Scan the QR code to find all
the locations visited during the
program on Google Maps.
