## THE FULBRIGHT CENTER

The Fulbright Center (the binational Fulbright Commission in Helsinki, Finland) is a service organization that specializes in cultural exchange between Finland and North America. The Center administers grant programs and provides advising, training and information services for students, researchers and working professionals. The ASLA-Fulbright program was established in 1949, and the year 2016 marks the 64th anniversary of the first Finnish grantees going to the U.S.

The Fulbright Center is an independent, private, not-for-profit organization funded by the Finnish and U.S. governments, the Finland-America Educational Trust Fund founded by the U.S. and Finnish governments, and private Finnish foundations and Finnish higher education and research institutions. 80 % of the Fulbright Center funding comes from Finland.

The Fulbright Center Board of Directors consists of eight members appointed by the Finnish Ministry of Education and the U.S. Embassy in Finland. The U.S. Ambassador to Finland serves as the Honorary Chair of the Board. The Fulbright Center has a staff of nine.

The Fulbright Center awards grants to over 90 Finnish and American students, academics, and professionals annually. This year, approximately 45 Americans participate in the Finnish-American Fulbright program. 38 of these Americans, featured in this catalog, have received a Fulbright grant to lecture, conduct research, study, or teach in Finland. In addition, close to ten U.S. scholars are expected to arrive on a short-term Fulbright grant (Specialist Program or Inter-Country Grant).

Please contact the Fulbright Center should you wish to contact a Fulbright grantee or invite a grantee to lecture at your university.
